

April 29th, 2020

5N Plus to Release First Quarter Fiscal 2020 Results on May 5, 2020 and to Hold Its Virtual Annual General Meeting of Shareholders on May 20, 2020

MONTREAL, April 29, 2020 - 5N Plus Inc. (TSX: VNP) will release its first quarter results after market hours on May 5, 2020. 5N Plus will host a conference call on May 6, 2020 at 8:00 a.m. (Eastern Daylight Time) to discuss the results. 5N Plus also announced that it will hold its annual meeting in a virtual only format, which will be conducted via a live webcast.

Q1 2020 Results

To join the conference toll free, please dial 1-888-231-8191, or 647-427-7450 in Toronto, or 514-807-9895 in Montreal. The conference access code is 9796664.

To access via webcast please visit the "Investors Center" section of www.5nplus.com. Pre-registration will be available.

Please note that this conference call will be accompanied by an online presentation available to download on our website and that a playback will be available two hours after the event at 514-807-9274 or 1-855-859-2056, until May 13, 2020.

Annual Meeting of Shareholders

Recognizing the widespread cancellation of public events for the protection of individuals and public safety in the face of the ongoing COVID-19 pandemic, 5N Plus will hold its annual general meeting in a virtual only format, which will be conducted via live webcast at <http://web.lumiagm.com/287802746> on May 20, 2020 at 10:00 a.m. (Eastern Daylight Time).

About 5N Plus Inc.

5N Plus is a leading global producer of engineered materials and specialty chemicals with integrated recycling and refining assets to manage the sustainability of its business model. The Company is headquartered in Montreal, Québec, Canada and operates R&D, manufacturing and commercial centers in several locations in Europe, the Americas and Asia. 5N Plus deploys a range of proprietary and proven technologies to produce products which are used as enabling precursors by its customers in a number of advanced electronics, opto-electronics, pharmaceutical, health, renewable energy and industrial applications. Many of the materials produced by 5N Plus are critical for the functionality and performance of the products and systems produced by its customers, many of whom are leaders within their industry.
